

論壇四項重點建議

APR Forum on Scouts for Sustainable Development Goals (7-10 April 2023)

Following the Forum, the Recommendation Team proposed the following recommendations to strengthen the Scouts for SDGs initiatives and make it more impactful:

RECOMMENDATION # 1

SDGs values and concepts be universally embedded / incorporated in youth programmes and activities (SDGs-themed and non-SDGs themed) by individual NSOs whenever possible to raise SDGs awareness and global responsibilities among youth members.

RECOMMENDATION # 2

SDGs-Specific initiatives be introduced by NSOs:

- Appointment of SDGs-specific leaders, e.g. SDGs coordinator (similar to LNT master trainer).
- Formation of a SDGs working group (with youth members included) to actively promote and monitor local SDGs initiatives.
- SDGs-themed programmes and events e.g. SDGs Day, SDGs Jamboree.
- Designated stepped training / development schemes e.g. SDGs badges, SDGs leaders training framework.
- Collaboration with local experts and organizations to utilize local resources and join force with local SDGs experts and advocates in devising quality Scout SDGs initiatives.

RECOMMENDATION # 3

Educational materials and publications on SDGs be made available in diverse languages and versions (e.g. braille, audio, simplified language) to ensure universality and accessibility to readers of different ages and abilities.

* To optimize translation quality, latest technologies such as ChatGPT can be utilized and individual NSOs can be consulted to review the translated materials/publications.

RECOMMENDATION # 4

Financial aid or sponsorships be made available and accessible to NSOs, Scout groups and members for organizing, initiating or participating in APR approved SDGs events, projects and research of different scales and levels (group, national, regional, international). 🌸
